

Online Test for (Sunflower and Castor Genome Editing Project)

As the number of applications received for the positions of SRF and YP-1 under the two subprojects, one on sunflower and the other on castor, of genome editing is over 350, it has been decided to conduct an online written test on 06-08-2024 for all the candidates applied under these sub-projects. After this screening test, a shortlist of the candidates selected for the interviews, in the ratio of 1:10 for every position, will be announced on the website on the same day of the test and the interviews will be conducted from 07-08-2024.

Online test will contain 25 questions and will be for 30 minutes duration.

The test link will be shared on the registered Gmail IDs, 5 minutes before the test time.

Test time:10AM on 06.08.2024
